10/11/2005

From: Rev. Luis Acosta
Pines Baptist Church

Re: Letter of reference for Robert S. Lewis

To whom it may concern:

It is my pleasure to recommend Robert for his architectural services. From the planning phase through final construction, Robert was essential in permitting and construction administration. With diligence during permitting, expediency with product approvals, and timely answers to construction field questions Robert was a key figure in getting our project off the ground and completed.

I am available for reference if you would like a first hand account. Should you need to contact me, please call me at 954-435-8484 or via email at lacosta@pinesbaptistchurch.org.

Sincerely,

Luis Acosta
Minister of Administration & Education
