

# SALTY HOME

Furnishings with Function & Flair

October 14, 2005

To Whom It May Concern,

Patricia and I, owners of Salty Home, had the pleasure of working with Robert Lewis in the design of our home furnishings retail store. Robert was highly recommended to us at the beginning of our venture. He has proven himself as a skilled architect and a professional who delivers in a timely manner. Above all, Robert is a wonderful person to work with.

During the month we had to come up with our architectural plans, Robert was extremely easy and accessible. He was full of creative ideas and necessary suggestions. His final work reflected our input, requests, and requirements.

After Robert had provided total commitment to the project, the architectural job has now been completed with our absolute satisfaction. Robert Lewis has my recommendation to anyone designing a store or a like venture.

Sincerely,

Jessica Soumoff  
Co-Owner/Vice President  
Salty Home
